座長

Jianguo Chen (Tongji Med. Coll., Huazhong Univ. Sci. Technol.)

Yoshikatsu Kanai (Grad. Sch. Med., Osaka Univ.)

Wei Wei (Inst. Clin. Pharmacol., Anhui Med. Univ.)

Ichiro Ieiri (Grad. Sch. Pharmaceut. Sci. Kyushu Univ.)

講演

Accelerating development of proton pump inhibitors: a mechanism-based PK/PD model to optimize dose design with ilaprazole as a case drug

Hongyun Wang (Clin. Pharm. Res. Cent., Peking Union Med. Coll. Hosp.)

Development of endogenous biomarkers to assess drug-transporter-mediated drug-drug interactions in drug development

Hiroyuki Kusahara (Grad. Sch. Pharm. Sci., Univ. Tokyo)

Networks of organelle function in cardiovascular diseases

Yong Zhang (Dept. Pharmacol., Coll. Pharm., Harbin Med. Univ.)

Redox regulation of mitochondrial quality as a therapeutic target of cardiac senescence

Motohiro Nishida (Grad. Sch. Pharm. Sci., Kyushu Univ. / NIPS)

進行（予定）

Opening remarks

13:30-13:35 Opening remark from JPS (Kazuhiko Yanai, the JPS President)

13:35-13:40 Opening remark from CNPHARS (Yongxiang Zhang, the CNPHARS President)

Clinical Pharmacology Session “Early clinical trial-oriented pharmacology”

13:40-14:15 Presentation 1 (Speaker, Hongyun Wang; Chair, Wei Wei)

14:15-14:50 Presentation 2 (Speaker, Hiroyuki Kusahara; Chair, Ichiro Ieiri)

14:50-15:00 Discussion for both presentations

Basic Pharmacology Session “Molecular pharmacology for cardiovascular disease”

15:00-15:35 Presentation 3 (Speaker, Yong Zhang; Chair, Jianguo Chen)

15:35-16:10 Presentation 4 (Speaker, Motohiro Nishida, Chair, Yoshikatsu Kanai)
